INDEPENDENT AUDITORS' REPORT

To the Board of Directors
ChangedLives.org:

We have audited the accompanying financial statements of ChangedLives.org ("Changed Lives") (a nonprofit organization), which comprise the statement of financial position as of September 30, 2015, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Changed Lives as of September 30, 2015, and the change in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations

ChangedLives.org ("Changed Lives") is a nonprofit, Tennessee corporation organized in 1968 and has been a member of the Evangelical Council for Financial Accountability (ECFA) since 1987. For 33 years, Changed Lives produced a weekly, worldwide TV and radio program, provided reprints of all messages and distributed Bibles and Christian books to listeners. In 2001, Changed Lives transitioned to the 24/7 global reach of the internet via **changedlives.org**, continuing to feature Ben Haden on both video and audio.

In 2008, **changedlives.org** added its continuing weekly radio broadcasts to the website - enabling the listener to hear any given radio broadcast 24/7. Changed Lives continues with the distribution of CDs, DVDs and books - all by Ben Haden. Ben Haden, the primary host of all segments and formats, was a former CEO of a daily newspaper, attorney, CIA agent, author and a pastor of 36 years.

Changed Lives is nondenominational, neither underwritten by, nor answerable to any individual denomination. It is geared to men and women - in plain language with both unbeliever and believer in mind. Each radio broadcast includes a specific invitation to Jesus Christ.

Ben Haden went to be with his Heavenly Father in October, 2013. The ministry of Changed Lives will continue to present Ben Haden's thought provoking sermons, messages, teachings and discussion about Jesus Christ — all recorded throughout the years — 24/7, nationally and globally...via **changedlives.org**, FM radio and social media, new CDs & DVDs, new books & eBooks — allowing individuals to share with family and friends of all ages and in their sphere of influence.

Basis of Accounting and Estimates

The financial statements of Changed Lives have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States. The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Presentation

Financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Accounting Standards Codification ("ASC") in topic 958, *Not-for-Profit Entities*.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Under ASC sub-topic 958-205, Changed Lives is required to present a statement of cash flows and to report information regarding its financial position and activities according to three classes of net assets as follows.

Permanently restricted: Net assets subject to donor-imposed stipulations that they be maintained permanently by Changed Lives. Generally, the donors of these assets permit the institution to use all or part of the income earned on related investments for general or specific purposes.

Temporarily restricted: Net assets subject to donor-imposed stipulations that may be met by actions of Changed Lives or the passage of time.

Unrestricted: Net assets not subject to donor-imposed stipulations.

Cash

Changed Lives maintains its cash accounts at various financial institutions. Short-term, liquid investments with original maturities of three months or less are considered to be cash equivalents and are presented as cash.

Fair Value Measurements

Investments are reported at fair value in the Changed Lives financial statements.

Fair value represents the price that would be received upon the sale of an asset or paid upon the transfer of a liability in an orderly transaction between market participants as of the measurement date. If an investment is held for which an active market with quoted prices exists, the market price of an identical security is used to report fair value. Other investments are valued based on management's best estimate based on outside valuations based on market conditions.

Because of the inherent uncertainties of valuation, these estimated fair values may differ significantly from values that would have been used had a ready market existed, and the differences could be material.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Financial Accounting Standards Board ("FASB") ASC Topic 820, *Fair Value Measurements and Disclosures*, defines fair value, establishes a framework for measuring fair value, establishes a fair value hierarchy based on inputs used to measure fair value, and enhances disclosure requirements for fair value measurements. ASC Topic 820 maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring the observable inputs be used when available.

Observable inputs are inputs that market participants would use in pricing the asset or liability based on market data obtained from independent sources. Unobservable inputs reflect assumptions that market participants would use in pricing the asset or liability based on the best information available in the circumstances.

Changed Lives uses a three-tiered hierarchy to categorize those assets and liabilities based on the valuation methods employed. The hierarchy is defined as described below.

- *Level 1* - Quoted prices are available in active markets for identical assets or liabilities as of September 30. A quoted price for an identical asset or liability in an active market provides the most reliable fair value measurement because it is directly observable to the market.
- *Level 2* - Pricing inputs are other than quoted prices in active markets. These include investments for which quoted prices are available but traded less frequently and investments that are fair valued using other securities that can be directly observed.
- *Level 3* - Little to no pricing observability as of September 30. These assets and liabilities are measured using management's best estimate of fair value. Inputs into the determination of fair value are not observable and require significant management judgment or estimation.

The hierarchy gives the highest priority Level 1 inputs and the lowest priority to Level 3 inputs. However, the determination of what constitutes "observable" requires significant judgment by management. The categorization of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Changed Lives' perceived risk of that instrument.

Inventory

Inventories, consisting of books, are valued at cost determined on a first-in/first-out basis.

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and Equipment

Property and equipment are stated at cost. Donated assets are capitalized at their fair market value on the date of the gift. Repair and maintenance costs are charged to expense as incurred; significant renewals or betterments greater than \$500 are capitalized. Depreciation is provided on the straight-line basis over the estimated useful lives of the depreciable assets. Depreciation expense totaled \$18,544 for 2015.

Contributions

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence or nature of any donor restrictions.

Gifts of cash and other assets are reported as restricted support if they are received with donor stipulations that limit the use of donated assets. When a stipulated time restriction ends or a purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Statement of Activities as net assets released from restrictions. Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire in the fiscal year in which the contributions are recognized.

Income Taxes

Changed Lives is a nonprofit organization that is exempt from income taxes as an entity described in Section 501(c)(3) of the Internal Revenue Code.

Functional Allocation of Expenses

Costs are charged to program services, management and general, and fundraising functions based on direct expenditures incurred. Expenses not directly chargeable to these functional categories are allocated based on the best estimate of salary expense and indirect expenses incurred for each function.

Donated Services

Changed Lives receives donated services from unpaid volunteers who assist in administrative services. No amounts have been recognized in the Statement of Activities because the criteria for recognition under ASC No. 958 have not been satisfied.

Subsequent events

Subsequent events were evaluated through April 15, 2016, which is the date the financial statements were available to be issued.

The purposes included the provision of funds for those in need, in seminary, in missions, and in church work; provision for preparation and/or publication of Christian writings; underwriting expenses and fair honorarium for preaching of the Gospel in churches that cannot afford special services; and provision of funds for preparation, production, and distribution of teaching or preaching of the Gospel through videotapes, audio tapes, compact discs, computers or satellite.

5 LEASES

Changed Lives has a lease agreement for its office facilities in Chattanooga, Tennessee. The lease is for a period of five years from March 1, 2014 and provides for annual rental increases in years four and five and that Changed Lives pays for gas, electricity and property and general liability insurance. The lease also provides for a two year extension.

Rent expense for the fiscal year was \$12,000.

Future minimum lease payments under the lease as of September 30, 2015, are as follows:

Changed Lives places their temporary cash deposits primarily with a local bank. Cash and certificate of deposit balances at financial institutions are insured by FDIC up to \$250,000. Deposits in excess of FDIC insurance total \$799,436.

Management is aware that a risk of exposure exists for deposits in excess of the \$250,000 insurance level. However, management considers this a low and acceptable risk.
